

CANADIAN RNs WITH IBD EXPERIENCE!

The College of Nursing at the University of Saskatchewan is asking nurses who work with adolescent and young adult patients with inflammatory bowel disease to contribute 15 minutes of their time to a national survey on improving healthcare transition (HCT).

Once you have completed the survey you can enter to win one of six \$50.00 gift cards.

We know transition from pediatric to adult care is hard, and Canadian nurses work every day to make it easier. Your expertise can help us improve HCT care in Canada.
